

Success Workshop

Aligned Vision and Focus for Success

Overview

This collaborative and future orientated workshop will equip participants with the knowledge and skills to ensure their vision is in total aligned with their focus for their ultimate personal or professional success potential. Participants should be prepared to self evaluate, accept and expect change, and achieve success.

Who should attend

This course is aimed at individuals wishing to ensure the action they take toward achieving their goals and aspirations are conducive to the achievement of their vision for success.

Duration and mode

4 -hour classroom workshop environment

Prerequisites

This is the capstone that brings together the entire Success Workshop program.

It is assumed participants have; identified their personal or professional purpose, values, aspirations, vision; adjusted their perspective and taken control; and put their strategic plan into action, prior to attending this workshop.

Participants might consider attending the workshops:

- Living your Purpose and by your Values
- Identifying your Aspirations and Vision for the Future
- Approaching Success with Perspective and Control
- Strategic planning, goals and action

Participants must also have completed the Success Development Assessment.

Learning outcomes

By the end of this workshop participants should be able to:

- Explain the importance of aligned vision and focus for success
- Question their purpose, values, aspirations and vision
- Evaluate the effectiveness of their actions
- Define their own success
- Align their vision and focus
- Prepare an action plan for success
